Additional Materials/Equipment required:

www.linguascope.com is a website that has many engaging, interactive languages games to help students (and parents) practice in an interactive way. Most materials such as exercise books will be provided by the school.

Home Support:

Reflection and practicing language skills at home is a vital part to your daughter's learning. All homework will be available via FROG. For vocabulary learning and for speaking assessments it would be very helpful if you could test your daughter to support her learning.
