Additional Materials/Equipment required:

Pens, pencils and dictionary

Home Support:

Help can be given by asking your daughter about the various topics covered in PSHE, and encouraging her to make sensible choices in terms of staying safe whilst on the internet, enjoying a healthy lifestyle, establishing and maintaining positive relationships and reinforcing some of the qualities, attitudes and skills needed for employability. Year 9 is certainly the time for young people to start researching the types of careers that would be available and suitable. Your daughter should be encouraged to talk about goals, and discuss employment prospects. This would help her to see a relevance to school and learning, and assist in increasing motivation to succeed. Students are encouraged to relate their learning in PSE to their experiences outside of school and promote the fundamental British Values of society.

Head of Department:

Mrs Wilford
