

GCSE/BTEC Examination Results Summer 2016

We are hugely proud of our GCSE and BTEC examination results for this summer. This is a testament to the hard work of our students and staff with the support of their families. We are particularly delighted with our highest grades which stand at 28% for A*/A; with our A* to C grades at 82%.

We would like to give a special mention to our highest achiever Isobel Sayer who achieved 10A* grades, one A grade and one double distinction, the highest grade possible for Further Maths. Other top achievers include Sofia Ahmed, Helena Deane, Nidhika Desai, Rio Dow and Juliana Matovu. In total we have 16 of our students achieving 10 A*/A grades or more. Headteacher Alison Jerrard says; "this is an excellent set of results for this academic year; all our students should feel proud of their achievements. We look forward to a large number of our students joining us at RR6, our joint Sixth Form with Rutlish School".
